

SplitStringIntoKey ValuePairs

```
graph LR; A[SplitStringIntoKey ValuePairs] --> B[SplitStringIntoKey Values];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'SplitStringIntoKey ValuePairs'. The right box is gray with a black border and contains the text 'SplitStringIntoKey Values'. The arrow is a solid blue line with a triangular arrowhead pointing towards the right box.

SplitStringIntoKey Values
