The diagram illustrates a dependency or data flow. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'doris::stream_load' followed by '::VNodeChannel::close_wait' on the next line. The bottom box contains 'doris::FragmentExecState' followed by '::coordinator_callback' on the next line. Two blue arrows originate from the right side of these boxes. The arrow from the top box points to the top-left corner of a gray rectangular box on the right. The arrow from the bottom box points to the top-left corner of the same gray box. The gray box contains the text 'tablet_commit_infos'.
