

start

```
graph LR; start[start] --> func["_check_consistency  
_worker_thread_callback"]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text 'start'. A blue arrow points from the right side of this box to the left side of a second, larger box on the right. This second box is gray with a black border and contains two lines of text: '\_check\_consistency' and '\_worker\_thread\_callback'.

\_check\_consistency  
\_worker\_thread\_callback
