attachment_extract
_request

```
graph LR; A[attachment_extract_request_contain_block] --> C[attachment_extract_request]; B[attachment_extract_request_contain_tuple] --> C;
```

The diagram illustrates a relationship where two separate components, 'attachment_extract_request_contain_block' and 'attachment_extract_request_contain_tuple', both point to a single target component, 'attachment_extract_request'. The target component is highlighted with a gray background, while the source components have white backgrounds. Blue arrows indicate the direction of the relationship from left to right.
