

register_distinct_function
_combinator

```
graph LR; A[register_distinct_function_combinator] --> B[register_function]
```

A diagram showing a call from a function combinator to a function. On the left, a gray rectangular box contains the text 'register_distinct_function_combinator'. A blue arrow points from the right side of this box to a white rectangular box on the right, which contains the text 'register_function'. Both boxes have a thin black border.
