

modify_rowsets

doris::Status::OK

doris::Status::Status

```
graph LR; A[modify_rowsets] --> B[doris::Status::OK]; B --> C[doris::Status::Status];
```

The diagram illustrates the return type of the `modify_rowsets` function. It consists of three rectangular boxes connected by blue arrows. The first box, labeled `modify_rowsets`, has a gray background. A blue arrow points from this box to a second box labeled `doris::Status::OK`. Another blue arrow points from the second box to a third box labeled `doris::Status::Status`. All boxes have a thin black border.
