

IPreparedFunction

```
graph BT; PreparedFunctionCast --> PreparedFunctionImpl; PreparedFunctionImpl --> IPreparedFunction;
```

A UML class diagram illustrating inheritance. At the bottom is the class 'PreparedFunctionCast', which is shaded gray. A blue arrow points upwards from 'PreparedFunctionCast' to 'PreparedFunctionImpl' in the middle. Another blue arrow points upwards from 'PreparedFunctionImpl' to 'IPreparedFunction' at the top. All three classes are enclosed in rectangular boxes with black borders.
