

start

```
graph LR; start[start] --> callback["_submit_table_compaction_worker_thread_callback"]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text 'start'. A blue arrow points from the right side of this box to the left side of a second, larger box on the right. This second box is gray with a black border and contains the text '_submit_table_compaction_worker_thread_callback'.

_submit_table_compaction
_worker_thread_callback
