_publish_version_task.cpp"] --> C;
```

This diagram illustrates the inclusion of a header file. Two source files at the bottom point to a single header file at the top. The header file is located at /Users/dabowang/doris/be/src/olap/task/engine_publish_version_task.h. The file on the left is /Users/dabowang/doris/be/src/agent/task_worker_pool.cpp, and the file on the right is /Users/dabowang/doris/be/src/olap/task/engine_publish_version_task.cpp. Both source files include the header file, as indicated by the blue arrows pointing upwards.
