

can\_filter\_all

```
graph LR; A[can_filter_all] --> B[doris::simd::count_zero_num];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is gray and contains the text 'can\_filter\_all'. The right box is white with a black border and contains the text 'doris::simd::count\_zero\_num'. A blue arrow points from the right side of the gray box to the left side of the white box.

doris::simd::count  
\_zero\_num
