

doris::vectorized::
Arena::remaining_space
_in_current_chunk

```
graph LR; A["doris::vectorized::  
Arena::remaining_space  
_in_current_chunk"] --> B[remaining]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains three lines of C++ code: `doris::vectorized::`, `Arena::remaining_space`, and `_in_current_chunk`. The right box is gray with a black border and contains the word `remaining`.
