

update_profile

```
graph LR; A[update_profile] --> B[_update_profile]; B --> C["doris::RuntimeProfile::add_info_string"]
```

The diagram illustrates a three-step process flow. It begins with a gray rectangular box containing the text 'update_profile'. A blue arrow points from this box to a white rectangular box with a black border containing the text '_update_profile'. A second blue arrow points from this box to a final white rectangular box with a black border. This final box contains the text 'doris::RuntimeProfile' on the top line and '::add_info_string' on the bottom line.

_update_profile

doris::RuntimeProfile
