

read_one_message

```
graph LR; A[read_one_message] --> B[size]
```

A diagram showing a flow from a box labeled 'read_one_message' to a box labeled 'size'. A blue arrow points from the right side of the 'read_one_message' box to the left side of the 'size' box. The 'read_one_message' box is white with a black border, and the 'size' box is gray with a black border.
