

close_function_context

```
graph LR; A[close_function_context] --> B["doris::vectorized::  
VExprContext::fn_context"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is gray and contains the text 'close_function_context'. The right box is white with a black border and contains two lines of text: 'doris::vectorized::' and 'VExprContext::fn_context'.

doris::vectorized::
VExprContext::fn_context
