

doris::stream_load
::VNodeChannel::open_wait

```
graph LR; A["doris::stream_load  
::VNodeChannel::open_wait"] --> B["check_intolerable_failure"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'doris::stream_load' on the first line and '::VNodeChannel::open_wait' on the second line. The right box is gray with a black border and contains the text 'check_intolerable_failure' on a single line.

check_intolerable_failure
