

fileExists

```
graph LR; A[fileExists] --> B[priv_getFN]
```

A diagram showing a call from the `fileExists` function to the `priv_getFN` function. The `fileExists` function is represented by a gray rectangular box on the left, and the `priv_getFN` function is represented by a white rectangular box on the right. A blue arrow points from the right side of the `fileExists` box to the left side of the `priv_getFN` box, indicating the direction of the call.

priv_getFN
