

allocate

```
graph LR; A[allocate] --> B[allocate_from_current_chunk]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'allocate'. The right box is gray with a black border and contains the text 'allocate_from_current_chunk' on two lines. A blue arrow points from the right side of the left box to the left side of the right box.
