

doris::pipeline::DataGen
Operator::open

doris::pipeline::MysqlScan
Operator::open

open

```
graph LR; A[doris::pipeline::DataGen Operator::open] --> C[open]; B[doris::pipeline::MysqlScan Operator::open] --> C;
```

The diagram illustrates a common 'open' operation. On the left, there are two white rectangular boxes. The top box contains the text 'doris::pipeline::DataGen Operator::open' and the bottom box contains 'doris::pipeline::MysqlScan Operator::open'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right labeled 'open'.
