

clear

```
graph LR; A[clear] --> B[doris::CacheStat::init]
```

A diagram showing a call from a function named 'clear' to a function named 'doris::CacheStat::init'. The 'clear' function is represented by a gray rectangular box on the left. A blue arrow points from the right side of the 'clear' box to the left side of the 'doris::CacheStat::init' box. The 'doris::CacheStat::init' function is represented by a white rectangular box with a black border on the right.

doris::CacheStat::init
