

`_get_block_impl`

```
graph LR; A["_get_block_impl"] --> B["_convert_to_output_block"]
```

The diagram illustrates a function call. A white rectangular box on the left contains the text `_get_block_impl`. A blue arrow points from this box to a gray rectangular box on the right. The gray box contains the text `_convert_to_output_block`, which is split into two lines: `_convert_to_output` on the top line and `_block` on the bottom line.
