

doris::Field::clone

```
graph LR; A[doris::Field::clone] --> B[clone_type_info]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is white with a black border and contains the text 'doris::Field::clone'. A straight blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'clone_type_info'. A curved blue arrow starts from the top of the right box and points back to the top of the same box, indicating a self-loop.
