

get_current_core

```
graph LR; A[get_current_core] --> B[sched_getcpu]; B --> C[__syscall_ret];
```

A flowchart illustrating a sequence of three operations. The first operation, 'get_current_core', is enclosed in a gray rectangular box. A blue arrow points from this box to the second operation, 'sched_getcpu', which is in a white rectangular box with a black border. Another blue arrow points from the second box to the third operation, '__syscall_ret', also in a white rectangular box with a black border. The boxes are arranged horizontally from left to right.

sched_getcpu

__syscall_ret
