

spare_capacity

```
graph LR; A[spare_capacity] --> B[doris::MemTracker::consumption]
```

A diagram showing a relationship between two variables. On the left, a gray rectangular box contains the text 'spare_capacity'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'doris::MemTracker::consumption'.

doris::MemTracker::
consumption
