

```
doris::BitmapIntersect  
< std::string_view >::size
```

The diagram illustrates a function call and its return value. On the left, a white rectangular box with a black border contains the text `doris::BitmapIntersect` and `< std::string_view >::size` on two lines. A blue arrow points from the right side of this box to a smaller, gray rectangular box on the right. This gray box contains the text `size`. A blue curved arrow originates from the top of the gray box and points back to the top of the gray box, forming a self-loop.

`size`
