

get_smallint_value

```
graph LR; A[get_smallint_value] --> B[doris::vectorized::Field::get]
```

A diagram showing a mapping from a function name to a specific implementation. On the left, a gray rectangular box contains the text 'get_smallint_value'. A blue arrow points from this box to a white rectangular box on the right. The white box contains the text 'doris::vectorized::Field::get'.

doris::vectorized::
Field::get
