

hash128

```
graph LR; A[hash128] --> B[SipHash::get128]; B --> C[SipHash::finalize];
```

A flowchart illustrating a sequence of three operations. The first operation, 'hash128', is contained within a gray rectangular box. A blue arrow points from this box to the second operation, 'SipHash::get128', which is in a white rectangular box with a black border. Another blue arrow points from the second box to the third operation, 'SipHash::finalize', also in a white rectangular box with a black border. The boxes are arranged horizontally and connected by arrows pointing from left to right.

SipHash::get128

SipHash::finalize
