

/Users/dabowang/doris
/be/src/http/action/tablet
_migration_action.h

```
graph BT; A["/Users/dabowang/doris  
/be/src/http/action/tablet  
_migration_action.h"] --> B["/Users/dabowang/doris  
/be/src/http/action/tablet  
_migration_action.cpp"]; A --> C["/Users/dabowang/doris  
/be/src/service/http  
_service.cpp"];
```

The diagram illustrates a header file inclusion relationship. A central gray box at the top represents the header file `_migration_action.h`. Two white boxes at the bottom represent source files. A blue arrow points from the left source file to the header file, and another blue arrow points from the right source file to the header file, indicating that both source files include the header.
