

StreamingSampler

```
graph LR; A[StreamingSampler] --> B[memcpy]; B --> C[inline_memcpy];
```

A flowchart illustrating a sequence of three components. The first component, 'StreamingSampler', is represented by a gray rectangular box. A blue arrow points from its right side to the second component, 'memcpy', which is in a white rectangular box. Another blue arrow points from the right side of 'memcpy' to the third component, 'inline\_memcpy', also in a white rectangular box. The boxes are arranged horizontally and connected by these arrows, indicating a sequential flow from left to right.

memcpy

inline\_memcpy
