

apply

```
graph LR; A[apply] --> B["doris::vectorized::roundWithMode"]
```

A diagram showing a grey rectangular box on the left containing the word 'apply'. A blue arrow points from the right side of this box to a larger white rectangular box on the right. The white box has a black border and contains the text 'doris::vectorized::roundWithMode' in two lines.

doris::vectorized::
roundWithMode
