The diagram illustrates a header file inclusion relationship. At the top is a gray box representing the header file: /Users/dabowang/be_all/pipeline/exec/nested_loop_join_build_operator.h. Below it are two white boxes representing source files. A blue arrow points from the left source file, /Users/dabowang/be_all/pipeline/exec/nested_loop_join_build_operator.cpp, to the header file. Another blue arrow points from the right source file, /Users/dabowang/be_all/pipeline/pipeline_fragment_context.cpp, to the header file.
