

HyperLogLog

```
graph BT; A["AggregateFunctionApproxCount  
DistinctData"] -.->|hll_data| B[HyperLogLog];
```

The diagram illustrates a data flow process. At the bottom, a gray rectangular box contains the text "AggregateFunctionApproxCount" and "DistinctData" stacked vertically. A dashed purple arrow points upwards from this box to a white rectangular box at the top. The arrow is labeled "hll_data" to its right. The top box is labeled "HyperLogLog".
