

SplitStringToMapUsing

```
graph LR; A[SplitStringToMapUsing] --> B[strings::Split]; B --> B;
```

The diagram illustrates a function call. A grey rectangular box on the left contains the text 'SplitStringToMapUsing'. A solid blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text 'strings::Split'. Above the white box, a curved blue arrow starts from the top edge and points back to the top edge, indicating a self-call or a loop.

strings::Split
