

doris::pipeline::NormalWork
TaskQueue::NormalWorkTaskQueue

```
graph LR; A["doris::pipeline::NormalWorkTaskQueue::NormalWorkTaskQueue"] --> B["set_factor_for_normal"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains two lines of text: 'doris::pipeline::NormalWork' and 'TaskQueue::NormalWorkTaskQueue'. The right box is gray with a black border and contains the text 'set_factor_for_normal'.
