

doris::ShardedLRUCache
::insert

insert

_evict_from_lru_with_time

```
graph LR; A[doris::ShardedLRUCache::insert] --> B[insert]; B --> C[_evict_from_lru_with_time];
```

The diagram illustrates a sequence of three operations in a flowchart. The first operation, 'doris::ShardedLRUCache::insert', is contained within a white rectangular box with a black border. A blue arrow points from this box to a second, smaller white rectangular box with a black border labeled 'insert'. Another blue arrow points from the 'insert' box to a third, gray rectangular box with a black border labeled '_evict_from_lru_with_time'.
