

execute_impl

```
graph LR; A[execute_impl] --> B[filled_result_column];
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is white with a black border and contains the text 'execute_impl'. The right box is gray with a black border and contains the text 'filled_result_column'. The arrow points from the right side of the first box to the left side of the second box.

filled_result_column
