This diagram illustrates the relationship between three source files. At the top is a header file, `/Users/dabowang/be_all/exec/schema_scanner/schema_dummy_scanner.h`, which is shaded gray. Below it are two source files: `/Users/dabowang/be_all/exec/schema_scanner.cpp` on the left and `/Users/dabowang/be_all/exec/schema_scanner/schema_dummy_scanner.cpp` on the right. Both source files have blue arrows pointing to the header file, indicating that they include it.
