

start

```
graph LR; start[start] --> func["_publish_version_worker_thread_callback"]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text 'start'. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text '\_publish\_version\_worker\_thread\_callback'.

`_publish_version_worker  
_thread_callback`
