

seek_at_or_after_value

```
graph LR; A[seek_at_or_after_value] --> B[doris::Status::OK]; B --> C[doris::Status::Status];
```

A flow diagram illustrating the return type of the `seek_at_or_after_value` function. It consists of three rectangular boxes connected by blue arrows pointing from left to right. The first box, on the left, is shaded gray and contains the text `seek_at_or_after_value`. A blue arrow points from this box to a second, white box in the middle containing `doris::Status::OK`. Another blue arrow points from the second box to a third, white box on the right containing `doris::Status::Status`.

doris::Status::OK

doris::Status::Status
