

release

```
graph LR; A[release] --> B[doris::internal::gscoped_ptr_impl::release]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'release'. A blue arrow points from the right side of this box to the left side of a larger white rectangular box on the right. The white box contains the text 'doris::internal::gscoped_ptr_impl::release'.

doris::internal::gscoped
_ptr_impl::release
