

strings::internal::
SplitIterator::operator++

StripWhiteSpace

set

```
graph LR; A["strings::internal::SplitIterator::operator++"] --> C[set]; B[StripWhiteSpace] --> C;
```

The diagram illustrates a dependency or relationship. Two white rectangular boxes on the left contain the text 'strings::internal::SplitIterator::operator++' and 'StripWhiteSpace'. Two blue arrows originate from the right side of these boxes and point towards a gray rectangular box on the right labeled 'set'.
