

doris::pipeline::PipScanner  
Context::get\_block\_from\_queue

```
graph LR; A["doris::pipeline::PipScanner<br/>Context::get_block_from_queue"] --> B["get_block_from_queue"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains two lines of text: 'doris::pipeline::PipScanner' and 'Context::get\_block\_from\_queue'. The right box is gray with a black border and contains the text 'get\_block\_from\_queue'.
