

parse\_physical\_field

```
graph LR; A[parse_physical_field] --> B[get_doris_type]; B --> C[convert_to_doris_type];
```

A flowchart with three rectangular boxes arranged horizontally. The first box on the left is shaded gray and contains the text 'parse\_physical\_field'. A blue arrow points from the right side of this box to the left side of the second box. The second box is white with a black border and contains the text 'get\_doris\_type'. Another blue arrow points from the right side of the second box to the left side of the third box. The third box is white with a black border and contains the text 'convert\_to\_doris\_type'.
