

register\_function\_array  
\_intersect

```
graph LR; A[register_function_array_intersect] --> B[doris::vectorized::SimpleFunctionFactory::register_function]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is gray and contains the text 'register\_function\_array' followed by '\_intersect' on the next line. The right box is white with a black border and contains the text 'doris::vectorized::' followed by 'SimpleFunctionFactory' on the next line, and '::register\_function' on the third line.
