

static_pages_available

```
graph LR; A[static_pages_available] --> B[doris::io::global_local_filesystem]
```

A diagram showing a pointer relationship. On the left, a gray rectangular box contains the text 'static_pages_available'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'doris::io::global_local_filesystem'.

doris::io::global_local
_filesystem
